

Industry Membership 2025

Being a member of EnergySec goes far beyond a defined benefits package. Your support provides us the financial means to be self-sustaining as we build out efforts such as our workforce development projects, security guidance documents and on-going affordable cybersecurity awareness and professional education specific to the sector.

TANGIBLE BENEFITS INCLUDE:

Newsletters and other products providing relevant security and compliance information:
 • Weekly Industry related security news and updates
 • Bi-monthly NERC CIP Newsletter
 • Periodic Threat Bulletins /Executive Briefs/Analysis Reports

Member pricing on events, individual courses, and programs

Access to EnergySec staff for assistance and questions:
 • NERC CIP related activities, including guidance
 • Security research
 • Career Navigation (internships, apprenticeships, academic outreach, etc.)

Community Sharepoint Site - Member Resources, Security News, Education information, etc.

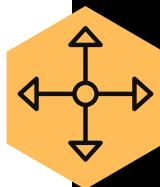

NERC CIP Programs- Designed for industry professionals seeking a full knowledge of the NERC CIP standards and associated compliance oversight processes

INDUSTRY MEMBERS ARE

Entities directly engaged in the development, sale, generation, transmission or distribution of energy within the energy sector, including utilities, generators, independent power producers, power marketers, distribution companies, municipalities, cooperatives, oil and gas exploration, refining, pipelines, etc.

ENERGYSEC PROGRAM AREAS

Community - the heart of EnergySec - making connections!
 Workforce Development - linking jobs and job seekers
 Professional Education - training for today's cyber utility staff
 Information and Sharing - sharing new and current threats to bring awareness
 Services - support for small utilities

NERC CIP PROGRAMS:

Certified CIP Compliance Professional (C3P)
 Certified CIP Technician (C2T)
 CIP Essentials Certificate
One full year of access to all materials in the chosen program.
 Program benefits also include access to class recordings, self-study guides, access to our Resource Library and email accessibility to EnergySec Faculty.

15468 SE 114th Ave
 Clackamas, OR 97015

PROGRAM COURSES:

CIP Deep Dive (Included in C2T & C3P Program)

Covers CIP standards starting with low-impact requirements and dives into CIP-004 to CIP-014, exploring each requirement in depth with compliance strategies.

Technical Foundations (Included in C2T & C3P)

Topics presented conceptually, supported by technical details and deeper dives for clarity.

Industry Fundamentals (Included in C2T & C3P)

Provides industry operations background to enhance understanding of CIP standards.

Internal Controls (C3P Program)

Covers security control frameworks and applying internal controls in NERC CIP, including NIST SP800, NIST CSF, and ES-C2M2 mappings.

Supply Chain (C3P Program)

Explores supply chain security risks in the electric sector, mitigation strategies, CIP standards, executive orders, and NERC risk mitigation documents.

Audit Prep+ (C3P Program)

Covers ERO compliance practices and the audit process, from preparation to execution and post-audit negotiations.

*Courses can be taken as part of a program or stand-alone.

ONSITE COURSES

All of EnergySec's instructor-led courses are available for delivery onsite. We offer custom events at your location tailored to meet your specific needs.

Our onsite courses are based on our established curriculum, and utilize our top-notch faculty. Onsite courses can be modified to meet your specific educational objectives.

Our classroom style on-site courses provide a cost-effective way to educate multiple staff members while reducing travel expenses and time away from the office.

2025 Industry Membership Application

Industry membership is open to organizations that own or operate energy sector assets, including electric generation, transmission, or distribution, and oil or gas exploration, production, transmission, or distribution facilities and is subject to approval by EnergySec.

Membership benefits are per organization and available to all staff within the organization.

Complete this form for membership:

- Organization Name:
- Primary Contact Information

Please supply the details below for the Primary Contact linked to this membership:

- First Name: _____
- Last Name: _____
- Email: _____
- Phone: _____
- Job Title: _____
- Street Address: _____
- City: _____
- State: _____
- Postal Code: _____
- Country: _____

- Payment Information

Please select the option that best describes your organization's revenue:

Circle the tier that applies:		
Small Distribution-Only Utility \$1,000	Large Distribution-Only Utility \$2,000	Small BES Utility \$2,500
RTO, ISO, RC \$3,000	Medium BES Utility \$4,000	Large BES Utility/ Holding Company \$5,000
Very Large BES Utility/ Holding Company \$6,000		

Please choose your preferred payment method.

- Credit Card (you will be contacted by phone for payment)
- Invoice
